3 Nutrition Guidance (Vegetarian)

General Rules

1. **Calorie target:** Roughly **1,600 – 1,800 kcal/day** (≈ 500 kcal deficit for your weight).
2. **Macronutrient split:** 45 % carbs, 30 % protein, 25 % healthy fats.
3. **Protein goal:** $1.2 \text{ g kg}^{-1} \rightarrow \sim 100 \text{ g protein/day}$ (helps preserve lean mass).
4. **Hydration:** 2.5-3 L water daily (≈ 8 -12 cups). Add herbal tea or lemon water if you like.
5. **Meal timing:** 3 main meals + 1-2 small snacks; avoid large meals late at night.

Sample Daily Menu (Adjust portions to meet your calorie goal)

Meal	Example (≈ 400 -500 kcal)
Breakfast	Vegetable Upma ($\frac{1}{2}$ cup semolina, mixed veggies, 1 tsp oil) + 1 boiled egg or 100 g paneer cubes + a cup green tea

↑ Type something...

Mid-morning snack	1 medium apple + 10 almonds
Lunch	Quinoa-dal salad: ½ cup cooked quinoa, ½ cup boiled lentils, chopped cucumber, tomato, carrot, coriander, lemon-olive-oil dressing + a small bowl curd
Afternoon snack	½ cup roasted chickpeas or a small bowl sprouted moong salad
Dinner	Stir-fried tofu/soya paneer (100 g) with bell peppers, broccoli, and 1 tsp sesame oil + 1 whole-wheat roti or ½ cup brown rice
Optional post-dinner	Herbal tea (peppermint / chamomile) – no sugar

Quick Vegetarian Protein Sources

- Paneer, tofu, soy chunks, low-fat Greek yogurt, dal, chickpeas, lentils, kidney beans, quinoa, nuts & seeds
- Aim for **20-30 g protein per meal**.

4 Habit-Building & Lifestyle Tips

Habit	How to Implement
Consistent sleep	Set a bedtime alarm 30 min before lights-out; keep screens away.
Mindful eating	Eat slowly, put fork down between bites, stop when 80 % full.
Track progress	Use a simple notebook or phone app to log meals, steps, and workouts.
Stay active at work	Stand up and stretch every hour; take the stairs instead of elevator.
Stress management	5-min breathing (inhale 4-sec, hold 4-sec, exhale 4-sec) twice a day.
Social support	Share your goals with a friend or family member; consider a walking buddy.
